Some examples of why the human race has probably evolved as far as possible. These are actual instruction labels on consumer goods:

On a bag of Fritos:

You could be a winner! No purchase necessary. Details inside. (The shoplifter special!)

On Tesco's Tiramisu dessert: (printed on bottom of the box) Do not turn upside down.

On Marks & Spencer Bread Pudding: Product will be hot after heating.

On packaging for a Rowenta iron: Do not iron clothes on body. (But wouldn't that save more time?)

On Boot's Children's cough medicine: Do not drive car or operate machinery.

On Sainsbury's peanuts: Warning: contains nuts. (but no peas?)

On a child's Superman costume: 'Wearing of this garment does not enable you to fly.

(Oh go ahead! That's right, destroy a universal childhood belief.)
